No node, but other sites are harvested.	
We are developing a portal that will be directly connected to GOS	
Not yet. We are working towards it this year.	
Not at present time -- want GOS request/notification prior to harvesting	
In process	
Pending	
GOS harvests XML directly	
Yes -- some clearinghouses within the state are harvested by GOS, but not one specific state node

Score Card for the fifty states initiative

1 Which of the following NSGIC Coordination Criteria are in effect in your state?						
1 = We previously had this function and lost it over the past year						
2 = No plans at this time for implementing this criteria						
3 = We currently are planning to implement this within the next 12 to 18 months						
4 = Progress has been made and we reasonably expect this to be fully implemented within the next 12 months						
5 = Implemented at this time						
	Not Applicable	1	2	3	4	5
1. A full-time, paid coordinator position is designated and has the authority to implement the state's business and strategic plans.	1		7	7	6	30
2. A clearly defined authority exists for statewide coordination of geospatial information technologies and data production.			2	6	4	39
3. The statewide coordination office has a formal relationship with the state's Chief Information Officer (or similar office).		1	3	6	5	36
4. A champion (politician or executive decision-maker) is aware and involved in the process of coordination.			5	8	7	31
5. Responsibilities for developing the National Spatial Data Infrastructure and a State Clearinghouse are assigned.			4	6	10	31
6. The ability exists to work and coordinate with local governments, academia, and the private sector.				1	5	45
7. Sustainable funding sources exist to meet projected needs.	2	2	9	19	7	12
8. Coordinators have the authority to enter into contracts and become capable of receiving and expending funds.		2	4	9	1	35
9. The Federal government works through the statewide coordinating authority.	1		1	4	13	32
